

# **G112 GUITAR SPEAKER CABINET OWNERS MANUAL**

Congratulations on your purchase of the ISP Technologies G112 Guitar Speaker Cabinet! This guitar cabinet is a specially designed slant 1x12 cabinet made with the finest Baltic Birch multilayer plywood and loaded with a Celestion G12T 75 12 inch guitar speaker.

## **FEATURES**

The G112 is fitted with a G12T 75 Celestion speaker rated at 75 watts making the G112 a perfect fit for a system incorporating ISP Technologies STEALTH power amplifier. The G112 uses an 8 ohm version of the Celestion G12T 75 providing the amplifier with an 8 ohm load impedance. The G112 incorporates a ported design for a focused low-end response, providing excellent performance for the guitar. The slant angle on the front of the cabinet provides accurate response when used on the floor or a perfect angle for stacked applications by stacking the G112 on top of a VECTOR 210 guitar subwoofer.

# WARRANTY AND SERVICE

The G112 is fully guaranteed to be free of defects under normal use and service for a period of three years from the date of purchase.

Any damage resulting from the misuse or the failure to follow the precautions and instructions will void the warranty.

In the event that the unit needs to be repaired, please return the unit to ISP Technologies directly. Simply repack the unit, send a copy of the original receipt, a note stating the problem with a return address and send it to:

ISP Technologies, LLC  
5479 Perry Drive Unit B  
Waterford, MI 48329  
Attn: Repair Dept.

All shipping charges must be fully prepaid.

ISP will not be responsible for any damages incurred in shipping of any unit. Any claim will need to be settled with the shipping company.

The warranty will be voided if the serial number has been tampered with in any way. The warranty card must also be filled out and returned in order to activate the warranty. Should you have any questions for the repair department prior to returning the product please call 248-673-7790
